1. Design System Principles

1.1 Layout Grid

- **Mobile base:** 375px width, 16px horizontal padding on each side. Content area: 343px.
- **Desktop base:** 1280px width, 80px horizontal padding. Content area: 1120px.
- **Column grid:** 4 columns (mobile), 12 columns (desktop).
- **Gutter:** 16px (mobile), 24px (desktop).

1.2 Spacing Scale

Use an 8px base unit: 4, 8, 12, 16, 20, 24, 32, 40, 48, 64, 80, 96px.

1.3 Typography Scale

Label	Size	Weight	Usage
Display	40-56px	Bold	Hero headlines
H1	28-32px	Bold	Page titles
H2	22-24px	Semibold	Section headings

Label	Size	Weight	Usage
H3	18-20px	Semibold	Card titles
Body Large	16px	Regular	Primary body text
Body	14px	Regular	Secondary body text
Caption	12px	Regular	Labels, metadata
Micro	11px	Regular	Badges, status labels

1.4 Colour Tokens

Token	Purpose	Suggested Value
<code>--color-brand-primary</code>	Primary brand colour	Deep purple ( #4F39D9)
<code>--color-brand-secondary</code>	Accent colour	Teal ( #1D9E75)
<code>--color-text-primary</code>	Primary text	Near-black ( #111111)
<code>--color-text-secondary</code>	Secondary text	Mid-grey ( #6B6B6B)
<code>--color-surface</code>	Card backgrounds	White ( #FFFFFF)
<code>--color-background</code>	Page background	Off-white ( #F5F4F0)
<code>--color-border</code>	Card borders	Light grey ( #E4E4E0)
<code>--color-success</code>	Success states	Green ( #1D9E75)
<code>--color-error</code>	Error states	Red ( #D9291A)
<code>--color-warning</code>	Warning states	Amber ( #D97706)

Brand users on Professional plan can override `--color-brand-primary` and `--color-brand-secondary` with their own colours.

1.5 Interaction States

All interactive elements must have: default, hover, pressed, focused, disabled states. Focused state must have a 2px outline for accessibility.

2. Public Website Screens

2.1 Landing Page —

Layout: Single-page marketing site. Scroll-driven sections.

Section 1: Navigation Header

- Sticky on scroll.
- After scrolling 100px: adds a subtle background blur and border-bottom.
- Mobile: logo left + hamburger menu right.
- Hamburger opens a full-screen slide-in drawer with all links stacked.

Section 2: Hero

LAYOUT: Two-column on desktop (text left, visual right). Single column on mobile (text above visual).

LEFT COLUMN:

[Badge: "Brand-first social business platform"]

H1: "Build a brand page that sells, engages, and earns trust."

Body: "Straep combines customisable brand pages, social media, a digital storefront, lead management, and a template marketplace in one platform."

[CTA Button: "Start Building Your Brand" → /auth/get-started]

[Text link: "Explore Straep ↴" → smooth scroll to features section]

[Social proof: "Trusted by 1,000+ brands" with avatar stack – placeholder for launch]

RIGHT COLUMN:

[Hero visual: animated/static screenshot of a brand page inside a device mockup]

[Show: brand page with logo, cover, products, inquiry button, and posts]

Mobile: Visual is a 16:9 screenshot below the text (not inside a device frame — too small for mobile).

Section 3: Problem Statement

LAYOUT: Centred, max-width 720px.

[Eyebrow text: "The problem"]

H2: "Most platforms make every business page look exactly the same."

Body: Paragraph explaining the limitation of Facebook, Instagram, and LinkedIn for business identity.

Below: 3 problem cards in a row (icon + title + description):

 "No identity control" – every profile looks identical

 "No lead management" – inquiries get lost in DMs

 "No storefront for service brands" – LinkedIn ignores services; Shopify ignores the social layer

Section 4: Solution

LAYOUT: Centred, alternating or side-by-side feature highlights.

[Eyebrow: "The solution"]

H2: "A brand-first social business platform."

Body: "Straep gives every brand a digital home that does the work of a website, a social profile, a storefront, and a CRM – all in one place."

Feature highlight grid (8 cards, 2x4 on desktop, 1-column on mobile):

[Icon + Title + 1-line description per card]

1. Customisable Brand Pages
2. Digital Storefront
3. Social Feed
4. Brand Discovery
5. Inquiry and Lead Management
6. Analytics
7. Communities
8. Template Marketplace

Section 5: Brand Page Builder Preview

LAYOUT: Full-width section with dark background.

H2: "Your page, your rules."

Body: Short description of the brand page builder.

[Large screenshot/animation of the brand page editor]

→ Shows left sidebar, live preview, and right panel

→ Animated: demonstrates clicking a section and seeing it highlight; changing colour; result updating

Below the visual: 4 feature pills:

[Customise colours] [Choose templates] [Add products] [Manage sections]

CTA: "Try the builder for free" → /auth/get-started

Section 6: User Type Cards

LAYOUT: 5 cards in a row (horizontal scroll on mobile).

H2: "Built for everyone in the business world."

Card format:

[Illustration or icon]

[Type name: Businesses / Creators / Customers / Developers / Agencies]

[2-line description]

[Learn more link → /for-businesses, /for-creators, etc.]

Section 7: Pricing Preview

LAYOUT: 3 columns (Free, Professional, Business). "See all plans" link.

Each column:

Plan name

Price

5 key features listed with ✓

CTA button

"For Agency and Developer plans, see all plans →" link below.

Section 8: Final CTA

LAYOUT: Full-width, dark background with brand gradient.

H2: "Turn your brand into an experience."

Body: "Start free. Upgrade when you're ready."

[Large CTA button: "Get Started – It's Free" → /auth/get-started]

Below: Small logos of fictional sample brands (placeholder for social proof).

Section 9: Footer

4-column footer:

Col 1: Straep logo + tagline + social icons

Col 2: Platform (Features, Pricing, Marketplace, Blog)

Col 3: Company (About, Contact, Careers)

Col 4: Legal (Privacy Policy, Terms of Service, Cookie Policy)

Bottom bar: © 2025 Straep Ltd. All rights reserved.

2.2 Pricing Page — </pricing>

LAYOUT: Centred, max-width 1200px.

Header:

H1: "Simple, transparent pricing."

Subhead: "Start free. Upgrade when you're ready."

Toggle: [Monthly] [Yearly – Save 20%]

Plan table (5 columns – Free, Professional, Business, Agency, Developer):

Row format:

Plan name (with "Most Popular" badge on Professional)

Price per month (or per year if yearly is selected)

"Get started" CTA per plan

Separator line

Feature rows (one per row):

Feature name | Free: ✓/–/limit | Professional: ✓/–/limit | Business: ✓/–/limit | Agency: ✓/–/limit | Developer: ✓/–/limit

Below: "Already have an account? Sign in →" /auth/login

Privacy note: "By signing up, you agree to our Terms and Privacy Policy."

RIGHT PANEL (desktop only):

Background: gradient with floating brand page cards

Quote: "Straep gave us a page that finally looks like us." – fictional brand for launch

3.2 Account Type Selection — `/auth/onboarding/account-type`

LAYOUT: Full screen. No back button. Progress indicator at top (Step 1 of 4).

Header:

H2: "What brings you to Straep?"

Body: "Choose the account type that fits you best."

5 large selectable cards (2 rows on mobile, all 5 visible without scrolling on desktop):

Card format:

[Icon – 32px]

[Account type name – H3]

[One-sentence description – Body]

[3 bullet points – Caption]

Cards:

Personal:  "I want to discover and follow brands"

Business:  "I have a business to promote"

Creator:  "I'm building a personal brand"

Developer:  "I want to sell page templates"

Agency:  "I manage brands for clients"

"Not sure?" expandable accordion below cards.

[Continue →] button: disabled until one card is selected. Active when highlighted.

3.3 Business Profile Setup — `/auth/onboarding/business-setup`

LAYOUT: Single column, card container. Progress: Step 2 of 4.

H2: "Tell us about your business"

Form fields:
